GENERAL INFORMATION

The **FISU University World Cups** are the university sport's newest event properties, created to complement the FISU World University Games and the FISU World University Championships. The cup embraces a **university-versus-university format** instead of national delegations. Putting on university colours and competing amongst classmates at an international level, is an experience that cannot be found anywhere else in sports.

The mission of the FISU University World Cups is to help bring ever more student-athletes into the fold.

For 2022 FISU has introduced yet another innovation: for the first time one city will host as many as 6 sports, making Samsun 2022 FISU University World Cup Combat Sports Samsun **the first FISU multisport event** since 2019 Summer Universiade.

The University Sports Federation of Türkiye has a vast experience of organising FISU events, including memorable 2005 Summer Universiade Izmir, 2011 Winter Universiade Erzurum and as many as 11 World University Championships.

HOST CITY

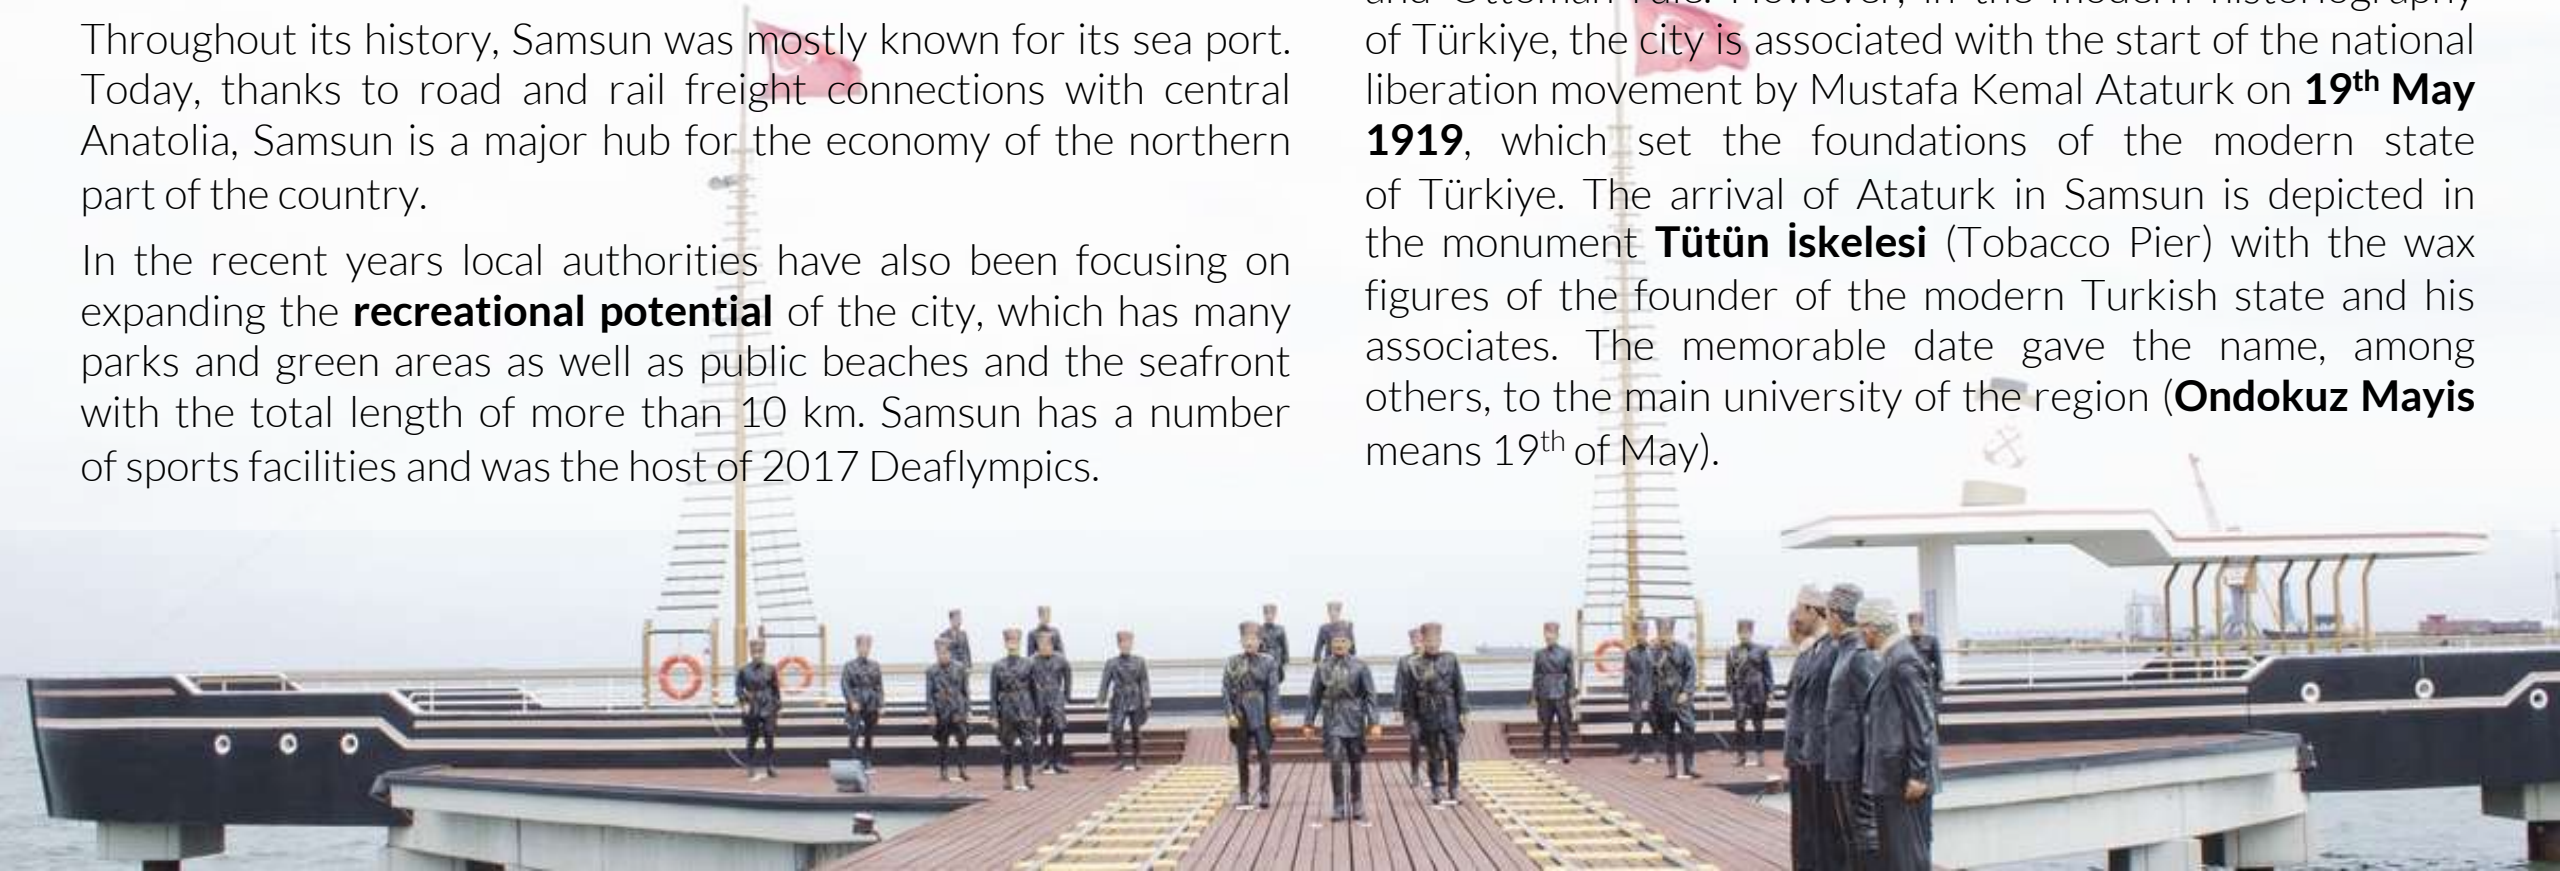

Samsun is a city on the north coast of Türkiye. In 2020, Samsun recorded a population of 710,000 people. The city is the provincial capital of Samsun Province which has a population of 1,356,079. The city is home to **Ondokuz Mayıs University**, several hospitals, three large shopping malls, Samsunspor FC, an opera and a large and modern manufacturing district.

Throughout its history, Samsun was mostly known for its sea port. Today, thanks to road and rail freight connections with central Anatolia, Samsun is a major hub for the economy of the northern part of the country.

In the recent years local authorities have also been focusing on expanding the **recreational potential** of the city, which has many parks and green areas as well as public beaches and the seafront with the total length of more than 10 km. Samsun has a number of sports facilities and was the host of 2017 Deaflympics.

Climate in Samsun in August/September is about 28 degrees Celsius (82 Fahrenheit) during the day and around 24 degrees at night, rather humid.

The history of Samsun dates back to the VIII century BC. In the following period the city lived under the Greek, Roman and Ottoman rule. However, in the modern historiography of Türkiye, the city is associated with the start of the national liberation movement by Mustafa Kemal Atatürk on **19th May 1919**, which set the foundations of the modern state of Türkiye. The arrival of Atatürk in Samsun is depicted in the monument **Tütün iskelesi** (Tobacco Pier) with the wax figures of the founder of the modern Turkish state and his associates. The memorable date gave the name, among others, to the main university of the region (**Ondokuz Mayıs** means 19th of May).

VISA REQUIREMENTS

Türkiye belongs to some of the world's most tourist-friendly countries; citizens of many countries are exempted from visa for their travels up to 30 days, 60, 90 or even 180 (in some cases) days.

We recommend that you check if visa exceptions are applicable to your country at the consulate section of Türkiye Embassy of your country. Information can also be found at Türkiye's MFA [website](#).

Should you need to obtain visa, the e-Visa (Republic of Türkiye Electronic Visa Application System) is an alternative to visas issued at Turkish missions and at the ports of entry.

E-Visa is an official document permitting entry into and travel within Türkiye. This system allows to easily obtain e-Visas online (www.evisa.gov.tr)

It is possible to obtain e-Visa 7/24 at any place with internet connection. The applicants can obtain their visa after they fill in the necessary information concerning their identity, passport and travel dates and pay visa fee online.

We strongly recommend that you have a travel document/passport valid for at least 6 months as from the date of your arrival in Türkiye.
