Education and Sport through school is crucial for the well-being and empowerment of youth, contributing to their development of leadership skills. We must provide youth with equal opportunities, which starts in school and can only be achieved through proper education and includes sport.

ISF U15 GYMNASIADE

The BIGGEST international multisports and educational event for school students aged between **13-15 YEARS OLD**

ISF U15 Gymnasiade Rio De Janeiro 2023

19-27 August 2023

The **ISF U15 GYMNASIADE** (World School Sports Games) is being organized for the first time in ISF history in 2021 in Belgrade (Serbia). It brought together 1.849 school athletes from 36 countries aged 13 to 15 in a multisport event (14 different sports), creating a unique context for high-level sports competitions, educational programmes, and cultural exchanges. The educational programme and the sports format of the event shall always be adapted to the age of the participants. Sports competition: The best student-athletes in the world will participate in the ISF U15 Gymnasiade as an individual and as part of teams. In addition to the name of the respective member, individuals and individuals as part of the teams will represent their school. This format is meant to create a strong identification between the students and the school they attend.

The **ISF Academy** is the new educational center of the International School Sport Federation delivering online and onsite capacity-building activities for teachers, school sports representatives, coaches, officials, and students around the world. It aims to recognize and or to upgrade the knowledge and skills of any of these stakeholders involved or planning to be involved in national, continental, or international sports, educational networks, institutions, events, or organisation.

Cultural exchanges: A cultural programme will be organised each day for the participants during which they will have the opportunity to visit and experience the culture and heritage of Brazil. The participating countries will have the opportunity to present their culture and traditional values through different types of cultural/entertainment activities and create cross-cultural exchanges by discovering the culture of the other participants and the host country.

RIO DE JANEIRO/BRAZIL

Christ

From the top of Corcovado Mountain, in the midst of a stunning urban forest, the imposing image of the Christ the Redeemer reigns supreme. It is no coincidence that the Christ, the greatest art-deco work on the planet, is among the Seven Wonders of the Modern World. An icon of the city, it is he who, with open arms, welcomes visitors who arrive in Rio de Janeiro. There are two ways to reach the 38-meter statue that sits atop a 710-meter hill: a pleasant train ride that crosses the Atlantic Forest, departing from the neighborhood of Cosme Velho, or the accredited vans that take the Estrada das Paineiras to get there. Regardless of the way you choose to get there, the view is stunning

Sugarloaf

The cable car route that connects the Urca and Sugarloaf Mountains is one of the must-see sites in the city. A stunning landscape, including the Botafogo Cove, the Copacabana Promenade and the entrance to the Guanabara Bay, is revealed during the route. 395 meters above sea level, the Sugarloaf Mountain reveals other corners of the city, such as Pedra da Gâvea, the City Center, Copacabana beach and the Christ the Redeemer. To enjoy the tour even more, you'll find dining and entertainment options, a panoramic helicopter ride, and a large amphitheater open used for concerts and events at Urca Hill, combining fun with the city's beautiful view.

RIO DE JANEIRO/BRAZIL

Santa Teresa and Lapa

Two adjacent neighborhoods that preserve history in their own way. While Santa Teresa has a bucolic atmosphere, with a tram ride, its beautiful historic houses and effervescent cultural life, thanks to the numerous workshops that bring life to century-old buildings, Lapa is pure excitement. A day trip through the city's most bohemian neighborhood, crossed by the imposing Lapa Arches, is very different from the bustling nightlife that reveals itself in the hundreds of bars, restaurants, and concert halls.

In Santa Teresa, be sure to check out the Ruins Park, which was the home of the great patron of Rio's Belle Epoque, Laurinda Santos Lobo and has one of the most beautiful views in the neighborhood. Next to it is the Chácara do Céu Museum, inherited by Castro Maya in 1936, which exhibits art collections of different styles and from different origins, furniture, and decorative arts, distributed across a beautiful 3-story house.

Maracanã

Maracana was the stage of the most important Brazilian derbies and witnessed historical moments of international soccer. Stage of the grand finals of the 1950 and 2014 World Cups, the stadium is open for visitation daily. The Soccer Museum has relics that will drive soccer lovers crazy. The museum, located on the ground floor of the stadium, has a collection of shirts, soccer boots and a Walk of Fame. Many surprises await you there!

SPORT VENUES

The Barra Olympic Park (Brazilian Portuguese: Parque Olímpico da Barra), originally the City of Sports Complex, is a cluster of nine sporting venues in Barra da Tijuca, in the west zone of Rio de Janeiro, Brazil. The park, which served as the Olympic Park for the 2016 Summer Olympics and the 2016 Summer Paralympics, was originally built for the 2007 Pan American Games, consisting of three venues. The complex was later expanded to nine venues for the Olympics, two of which are temporary structures. The complex will later become the site of the Olympic Training Center after the games conclude.
